STATEMENT OF PHILOSOPHY

A comprehensive and balanced activities program is an essential complement to the basic program of instruction. The activities program should provide opportunities for youth to further develop interests and talent in sports, speech, forensics, journalism, music, FFA, FCCLA, FBLA, student government, and academic-related areas. Participation in these activities should provide many students with a lifetime basis for personal values, for work, and leisure activities.

The activities program should be available to all eligible students who demonstrate an interest in participating, regardless of their individual abilities. Accordingly, appropriate skill levels should be established within activities, when feasible, so that students may participate as fully as possible regardless of their ability levels.

Every effort should be made to support the activities program with the best facilities, equipment, and with the most qualified staff available. In so far as possible, the logical progression of knowledge and skills gained in classes should be applied and developed further through participating in the activities program. Coaches, advisors, and sponsors should also teach the specific skills necessary for improvement in activities and provide guidance in the development of self-realization, good sportsmanship, cooperation, leadership, ethical behavior, artistic sensitivity and an appreciation for the importance of practice.

The ultimate goals of the activities program should be:

RULE-10 COACH GUIDELINES

Coaching positions that are filled with a person that is not a certified faculty member of the school district present some unique challenges in the administration of the athletic program. Therefore, the Rule-10 Coach needs to place special emphasis in becoming more familiar with the philosophies, goals and objectives of the department of athletics by:

Meeting the coaching qualifications required of all coaches

COACHES/SPONSORS' GUIDELINES

1. **District Wide Athletic Contract**

The board has adopted a district wide supplemental contract, which outlines the guidelines for acceptable and unacceptable student participant behavior. Each coach/sponsor has the right to add his or her own guidelines, but no guideline may be eliminated from the District Contract. The District Contract must be signed by both the participant and a parent and returned to the coach/sponsor by the end of this first week of practice.

2. **Practice**

Submit a copy of practice schedules (dates and times) that deter from a normal after school practice to the AD, Principal, and Superintendent. Include the first week's two-a-days, all early morning practices, and Saturday practices. There will be no practice on Sundays (with the exception of preparing for State-level competition).

No practice will be longer than three and one-half hours (that includes cleaning up and leaving the building). The coach/sponsor is the last to leave after practice: be sure lights are off, doors are closed and locked, equipment and supplies are stored appropriately.

When school is dismissed early for bad weather, after school practice will also be cancelled. When school is called off prior to beginning in the morning because of bad weather, practice may not be held until after 1:00 PM and then only if the Head Coach/Sponsor has permission from the HS principal.

3. **Handbook (Local and State) Items**

Be sure to follow guidelines in athletic/activity rules books, KSHSAA manuals, and the student handbook. KSHSAA regulations state that there is to be NO practicing with mixed building level squads. Be sure you know the rules of on- and off- season coaching. If you aren't sure, ask! Read your monthly KSHSAA Journal carefully.

4. **Lettering Criteria**

Coaches/Sponsors are responsible for establishing criteria for lettering. Criteria must be approved by the principal and/or principal's designee before the parent meeting and first practice. Once approved, the coach must share criteria for letter with participants and parents prior to the start of the season's competition.

5. **Supplies**

Do not waste materials or supplies. Have managers or assistants responsible for these things. Do not overstock your kits. Carry your kits with you even at practices. Practice the proper blood clean-up procedures at practice and at meets; take no chances with your or your participants' health. If you anticipate needing something or running out of something, let the AD know ASAP so those supplies can be ordered and received. You are NOT to order anything on your own or without an approved requisition.

6. **Uniforms**

You are to check out and in all uniforms and equipment. Be sure that you run an inventory of who checked out what so that you can be sure it has been returned. Make it clear that participants are NOT to get extra equipment, kit supplies, or other "stuff" from the storage areas without your knowledge or authorization.

Under no circumstances should uniforms be left in piles on locker room floors. You are responsible for the care and treatment of the school's uniforms.

7. **Communication**

Keep the AD, principal, and superintendent informed of situations with students and parents. The administrative staff needs to know what's going on and what you're dealing with so they can support you and your program.

continued...

8. **Acceptable Behavior**

- ✓ There will be **no** use of vulgar or profane language from coaches or participants during practice or during events.
- ✓ Our participants will show good sportsmanship at all times. There will be no show of out-of-hand anger by a participant which embarrasses the team, the coach, the patrons, or the district. Examples would be kicking the bench, throwing a helmet, using profanities, or other out-of-control displays. The player will be benched or removed for the remainder of the game and may receive further disciplinary action. The same is true for the coach: no tantrums, argumentative behavior, or display of out-of-control anger. *The coach will not argue with the official.*
- ✓ If a player receives a technical foul or unsportsmanlike conduct call from the official, that player is to be benched for the remainder of the game and may receive further disciplinary action.
- ✓ If a coach receives a technical foul or a reprimand from the official, he/she may receive further disciplinary action from the administration.
- ✓ Participants will support each others' teams. They will sit together and cheer for other school teams.
- ✓ There will be no displays of unsportsmanlike conduct against opposing teams. There will be no cheers or actions of a derogatory nature against our competitors. We will treat our visitors with respect and we will be respectful when we are the visitors.
- ✓ Student participants should address the coaches with titles, for example: Coach Sanders; Sir; Ma'am; Mrs. Terrell; Mr. Tuck; Coach; etc. Do NOT allow your participants to address you by your last name only.
- ✓ The coach is to have a professional relationship with his or her participants. The coach is a mentor and counselor and teacher to the student. The coach is not a pal or a buddy to the student. Recognize the boundaries of the relationship between coach and participant and do not cross that line.

9. **Appropriate Dress**

On meet day, team representatives and coaches/sponsors should dress appropriately. Coaches represent the school and may not wear dirty clothes, rumpled clothes, or other embarrassing apparel. No blue jeans or blue jean shorts may be worn by a coach. Shorts may be worn, but should be in good taste. Athletic coaches and their assistants should make an effort to wear coordinating "uniforms."

10. **Team Notebooks**

Carry your team notebooks with you at all times (practice and meets). They contain emergency info, what to do in case of an accident, insurance info, parent consent forms, transportation log, etc.

11. Locker Rooms and Away Sites

The coach/sponsor is responsible for his/her participants' behavior and cleanliness in our own locker rooms as well as at meet sites. Enforce a strict standard of "pick up after yourselves" and "stow your gear where it belongs."

continued...

12. Travel Discipline / Event Discipline

The **coaches/coaches** are in charge of the discipline of their teams **while traveling and while at school events**. Your participants must know what is expected of them while traveling and while at visiting school sites:

- ✓ When traveling together as a mixed group, there is to be no girl/boy sitting together on the bus. One gender sits in front of the bus and the other gender sits toward the back with the coaches sitting between.
- ✓ The coaching staff sits between the groups of participants, not at the front of the bus.
- ✓ No standing or walking in the aisles while the bus is moving.
- ✓ Trash is to be picked up and disposed of upon return home.
- ✓ The coach/participant is the last person to leave after practice and upon return of an away event. You don't leave until every participant has left the premises. Be sure that the doors are closed and locked and that the lights are turned out. Do not leave a child alone at school or on school premises while he/she is waiting for a ride home.
- ✓ At track meets, only the TEAM or school personnel is allowed on the field or in the team's "area." **Students who are not out for track are not to be allowed to be with the team during a meet.**
- ✓ Absolutely NO public display of affection. There will be no warnings for this behavior. If a student or students cause the team embarrassment, they are off the team.

13. Dual-Sports

It is important to remember the purpose of this board adopted policy: to allow students to participate to their fullest potential in extra-curricular activities, whenever possible. It will take a great deal of flexibility on the coaches' parts and will require a great deal of cooperation between coaches. These are possible when students are put first.

Dual participation in spring sports is allowed so long as the regulations of this article are followed.

1. In order to participate in two spring sports (i.e. baseball/track, softball/track), students must designate one of the sports as their primary sport and the other sport as their secondary sport. This designation may not be changed once the season begins or during the season.
2. When/if a scheduling conflict should occur, the student participant will be required to participate in the designated primary sport. If a conflict arises during post-season competition (regional, sub-state, state), the primary sport must take precedence.
3. Every effort will be made to provide district transportation to events. If, however, it is not possible to provide district transportation to both events due to conflicting scheduling dates even though it is possible to make both events because of different times, parents (only parents) may provide transportation. The district, however, will not reimburse the parents for mileage.
4. It shall be the responsibility of the student participant to work out a schedule upon which both participating coaches agree. A coach must show due diligence in working with the student participant and with the other coach.
5. It is understood that baseball and softball are designated as "team" sports whereas track is designated as an "individual" sport. With that in mind, the student participant is encouraged to create a schedule that allows for workout with the track coach (a) before school, (b) after baseball/softball practice, or (c) on their own within certain limitations.

COACHING/SPONSORING EXPECTATIONS AND RESPONSIBILITIES

I. Coaches/Sponsors' Professional and Personal Relationships and Expectations

A. Rapport

A coach/sponsor must be able to develop a good rapport with any number of individuals and groups: team personnel, the student body, the professional staff (faculty, administration, maintenance, etc.), the community as a whole, spectators, officials, fellow coaches in the conference, media representatives and the parents of his/her players. Good rapport and an image of competency are invaluable for the coach.

B. Cooperation

The district expects a maximum of cheerful give and take between all individuals associated in any degree with the comprehensive program. Coaches/Sponsors must work hand in hand with their athletic director, principal, and other members of their staff.

C. Leadership

Diligence, enthusiasm, honesty and a love for the game are all part of a professional pride that should be exhibited by any coach/sponsor. Personal appearance and dress should be exemplary. Dressing appropriately for practice, following practice schedules, and building positive attitudes are very important.

D. Discipline

Every facet of discipline is the coach/sponsor's responsibility. Individually, the coach/sponsor becomes a model of all that the program represents: observation of school codes, training rules, rules of the game, ideals of good sportsmanship, behavior of participants throughout the season (at home and away), and the conduct of the crowd (especially where the student body is concerned). Desire to do well, to win well, and to lose well should be emphasized. Staff, players, and spectators should be motivated toward established goals.

E. Improvement

A coach/sponsor must constantly take advantage of opportunities presented for self-improvement. Attendance at district meetings, rules clinics, special workshops, and clinics in specific fields and similar in-service training programs are geared toward greater achievement and fuller performance. Keeping abreast of current literature in professional journals, newspapers, and magazines, and utilizing enrichment material available in other media forms is also expected.

II. Coaching Techniques

1. Use sound and acceptable teaching practices.
2. Run well-organized and documented practice sessions
3. Complete pre-season planning well in advance of starting date.
4. Adhere to a highly efficient and technically sound program of injury prevention. When injuries do occur, follow a prescribed routine and maintain good communications with patient, trainer, doctor, and parents.
5. Develop a sound system for equipment accountability, including seasonal inventory, repair, reconditioning, and replacement. All purchasing should be accomplished through the requisition process.
6. Keep assistant coaches/sponsors, student managers, and statisticians well informed as to what is expected. Cooperate fully with maintenance staff, transportation people, and others similarly involved in the overall program.

III. Coaches/Sponsors' Responsibilities

A. To the participant

The main reason for having athletics and activities within the school is to help provide opportunities for young men and women to develop their respective capabilities to the fullest extent. Development of positive attitudes is an important means to accomplishing this aim. We must promote and teach only clean, aggressive, and fair play, while stressing good sportsmanship at all times. The coach/sponsor must be the leader and set the example. The coach/sponsor should strive to be fair and unprejudiced with players, considering their individual differences, needs, interests, temperaments, aptitudes and environments.

Players have a right to expect coaches/sponsors to have a genuine and up-to-date knowledge of that which they propose to teach.

The safety and welfare of players should always be uppermost in the coaches' minds. The coach/sponsor's primary responsibility is to the individual boy or girl. The participant's family must not be ignored; some consideration should be given to the family and to their requests. But they must be weighed against the good of the team and of the program.

B. To the school district

As a coach/sponsor, you are a frequent topic of conversation at various community locations, the home, the work place, and at the meetings of many civic organizations. Your profession, as well as your reputation as a coach/sponsor, is constantly under scrutiny. Your actions and statements should always reflect confidence and respect for your USD 505 school. Much can be done by the coach/sponsor in public contacts to build and maintain a high level of confidence in the athletic program and the school district.

Coaches are responsible to complete their KSHSAA test by the given deadline. Failure to take and complete the test by the deadline results in the following:

- (1) the coach personally pays the fine levied by the KSHSAA**
- (2) MAY be grounds for the following:**
 - (a) immediate dismissal without the balance of pay**
 - (b) non-renewal of the coaching position for the following year**

C. To the school

A coach/sponsor owes his/her school his/her efforts and loyalty at all times. He/she must constantly strive for excellence in all areas of his/her school.

To be effective, a coach/sponsor must be respected. To be respected, good personal habits and neat appearance are important; but most important are the examples set by the coach/sponsor. Being respected is much more important than being well liked. Treat the faculty, the players, and the general students with the same honor and respect that you desire to be shown to you. Private, firm, fair, and consistent discipline must be maintained.

The work of the coach/sponsor must be an integral part of the educational program of the school. The coach/sponsor should show mastery of the principles of education and consequent improvement in teaching and coaching. The coach/sponsor should give support to all endorsed activities of the school. At every opportunity, the coach/sponsor should urge the student body to be polite, courteous, and fair to the visiting team.

D. To fellow coaches/sponsors

The head coach must always be in command. Despite this position of authority, the wise head coach/sponsor will encourage independent thought on the part of his/her assistants. A wise head coach/sponsor will praise the assistants and award recognition whenever possible. Misunderstandings between coaches/sponsors should be discussed as soon as possible and in an appropriate location away from the participants and other people not concerned with the program. The head coach/sponsor expects his assistant(s) to contribute a full measure of effort, thought, and energy to the program. The assistant coaches/sponsors must be willing and able to do things that they may not wish to do, or even like to do. They must fulfill their responsibilities to the head coach/sponsor, the participants, and the program itself. **It is most difficult to be a good assistant coach/sponsor: however, the success of the school, the team, and the staff is dependent upon the quality and effort of the assistant coaches/sponsors.**

F. To other coaches/sponsors in your school

One must always bear in mind that his or her program is not the only program but only part of the total educational program of the school. Therefore, it is important to support, promote, and cooperate with all the other coaches/sponsors and activity sponsors for the well being of the total program.

A coach/sponsor should support and serve fellow coaches/sponsors whenever possible. All remarks should reflect confidence in one's fellow coaches/sponsors. A strong, harmonious, interpersonal relationship must exist among coaches/sponsors and other faculty members.

G. To faculty members

A coach/sponsor is responsible for cooperating with every faculty member on the staff. If the coach/sponsor cooperates with the teachers of academic subjects by allowing an participant to make up a test on practice time, he/she can be certain that cooperation and help will be returned twofold in efforts by other faculty members to keep the participants eligible and to get that extra helping hand when the going gets tough.
